APPROVAL OF STATE ENGINEER
This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to following limitations and conditions: This temporary permit to change the point of diversion manner of use and place of use of a portion of the waters of an underground source heretofore granted under Permit 28759 is issued subject to the terms and condition imposed in said Permit 28759 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be keen of water placed to beneficial use. The totalizing meter must be installed before at use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. The source is located within an area designated by the State Engineer pursuant to Note 34.030. The State retains the right to regulate the use of the water herein grantation at any and all times.  This temporary permit does not extend the permittee the right of ingress are egress on public, private or corporate lands.  The total combined duty of water under Permits 10369, Certificate 2757; 1037. Certificate 2758; 28758; 28759; 45730; 45731; 45732; 49815; 51990; 52476; 5301. 53030; 58159-T; 58514-T; 58515-T; 58516-T; 58517-T; 58640-T; 58641-T; 58642-T; 58643-T; 58644-T and 58645-T shall not exceed 799.75 million gallons annually.  The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies. (CONTINUED ON PAGE 2)  The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not
exceed 1.003 cubic feet per second, but not to exceed 236.0
-
million gallons annually.
Work must be prosecuted with reasonable diligence and be completed on or before
Proof of completion of work shall be filed before
Application of water to beneficial use shall be made on or before
Application of water to beneficial use shall be made on or before.  Proof of the application of water to beneficial use shall be filed on or before.  Map in support of proof of beneficial use shall be filed on or before.
Map in support of proof of beneficial use shall be filed on or before
Completion of work filed
Proof of beneficial use filed
